 InterCall is a subsidiary
of West Corporation

AAP/EOE

Take advantage of the newest version of InterCall Unified Meeting today! As part of our on-going strategy to provide you with the most powerful way to bring people together from anywhere in the world—quickly, conveniently and, most important, easily, we have added functionality that will make your meetings even more productive.

To add these features to your account now, simply download the application from www.intercallapac.com/iumgo

Below you will find a brief description of the features now available so you can see for yourself what's new.

A New Look!

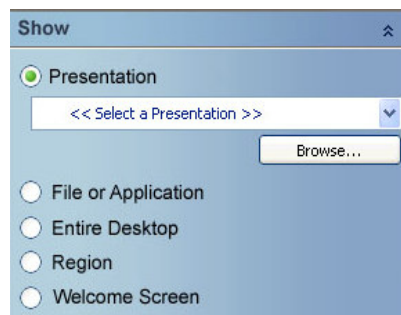

Check out the new look during your next meeting. This new look is displayed throughout the InterCall Unified Meeting user interface and conference manager.

Presentation Share

Show PowerPoint presentations directly from your computer with the benefit of user interface controls for easy management. Presentation share provides full animation and slide build support. No upload required!

Optional Presentation Upload mode still available.

Dial Me from Web Enhancements

Participants can now connect to the audio portion of the meeting once the moderator launches the web or audio.

iPhone Moderator Support

Join and manage audio meetings using your iPhone. Utilize online management features such as dial me, dial out, mute/unmute, chat and open/close meeting room door.

Q&A Mute All

Manage an audio Q&A session on the web. This function mutes all participants who can virtually raise their hand to speak in conference by pressing **#66** on their telephone keypad.

New Check for Updates Functionality

Automatically checks if a updated version of the meeting application is available for download. You can define the update interval using the taskbar icon.

Post Conference Email

InterCall Unified Meeting usage is now included in the Reservationless-Plus post conference email. The usage details include participant names and/or phone numbers, time joined, time disconnected, duration, and connection type.

Sign up now via www-apac.intercallonline.com. *Additional charges apply.*
